Ventura Superior Court Announces the Ability to Obtain Ticket Extensions on Web Site

The Ventura Superior Court has expanded the services available to the public on the court's web site by offering the ability to obtain extensions on minor criminal and traffic violations 24 hours a day.

By visiting the court's web site at www.ventura.courts.ca.gov, a one time 28-day extension on citations, or a one time 14-day extension to turn in traffic school certificates may be approved on-line.

This new functionality is part of an ongoing effort to make doing business with the court faster and easier.
